Vincent,

The spillway constructed in the unnamed tributary is located approximately at 34.676330° by -92.471711°. Attached are a few photos of it; as well as, a couple Google Earth images that show it's location. Please excuse the delay, I had to get the permission of our division chief.

Regards,

Clark Baker

Tom,

This action was brought to our attention by reports from members of the public and the Arkansas Department of Environmental Quality (ADEQ). Please find the attached photos and maps provided by ADEQ from their site visit.

Mr. Carter has had extensive dealings with the Corps with initial permits and after-the-fact permits on this property. Our file for Mr. Carter is SWL 18493. The file for Mr. Carter has been scanned in as a pdf and I can forward this to you as well if it would be helpful. I have verified through the Pulaski County Land Ownership GIS site ([www.pagis.org](http://www.pagis.org)) that Mr. Carter is the owner of the properties in question. Further information on the Carter Off Road Park can be found their web site <https://www.facebook.com/pages/Carter-Off-Road-Park-LLC/1397512550531210>.

If I can provide further assistance please let me know.

Thanks,
